

A detailed cross-sectional diagram of a disk assembly. It features a central hub (50) surrounded by concentric rings representing disk surfaces (48). A wiper blade assembly (52) is positioned against one of the disk surfaces. The wiper blade includes a wiper edge (52c) and a support structure (52b). A wiper arm (54) is shown extending from the center towards the wiper blade. A wiper zone (56) is indicated between the wiper blade and the disk surface. A wiper spring (58) is located at the bottom of the wiper blade assembly. A wiper guide (24) is also visible. Arrows A and B indicate the direction of rotation or movement.
